BarnWood®

An innovative and unique collection inspired by the organic aging process of wood. Offered in four colour ways, with a further four painted options to compliment and mix and match the wood finishes. Each piece is hand-crafted, finely finished by experienced craftsmen and produced using the finest timbers. All here in Britain. Incorporating both functional and decorative brackets, along with an option of a rope bound finial to add a touch of the rustic, to what is a truly inspired and unique range of products.
