finale.

the last word in curtain poles

A design lead innovative product giving total freedom to mix and match eclectic fashion colours with traditional materials, forming a truly unique, distinctive perspective to suit the most discerning tastes.

Fabulous finishes

Choose from either our range of 20 pre-selected set combinations or mix and match any of the 3 shapes and 4 materials to create your own unique style. Stone, wood, metal and acrylic all combine to give the widest choice.

wood

A choice of two rich finishes. Traditional light English oak or dark African wenge.

Elegant, warm and contemporary

metal

Three smooth metals. Bold black nickel, bright chrome and a sleek brushed steel effect.

Modern and stylish

Shapes by design

Halo

Cube

Discus

for every home

stone

Two subtle stone effects. Light grey granite and matt sandstone.

Organic and natural

acrylic

Seven polished acrylic colours. Chosen to complement your fabrics or accent the other finishes.

Bright and vibrant

Be bold with bright acrylics and shiny metals or choose classic stone or wood finishes to create a sophisticated look.

Select any combination of accent colours to complement your cushions and fabrics or co-ordinate with your woods or metals – the choice is yours.

Pre-selected co

To help make the selection process easier, we have combined 20 of the most popular options and made them available in sets of 3 pre-selected finials. When ordering, simply note the set code number and select your matching pole kit from the accessories page at the back of the brochure.

26/32mm

Be creative...

The Finale range gives the customer complete freedom to co-ordinate the overall look.

Choose from 3 finial shapes (Discus, Cube or Halo) and 3 metal pole finishes (chrome, black nickel or steel) and finials made from wood (2 options), metal (3 options), stone (2 options) or acrylic (7 colours). All combine to give an amazing choice of thousands of different variations for that genuinely individual touch. Components can be bought separately.

...design your own combinations

Halo...

This smooth, subtle shape has inspired a classic range that combines to create a beautifully bevelled accent. Halo is effortless and chic, complementing any interior.

Please note: Colours shown may vary subject to the printing process.

The range

Halo lends itself to a range of exciting finishes. This simple yet classic shape is transformed in a collection of sleek metals, organic stones or rich woods. Placing three finials together transforms this shape into an organic decoration to complement your curtains and fixtures. Halo creates an exciting and vibrant feature when accented with the choice of bold acrylics.

	STEEL	CHROME	BLACK NICKEL	GRANITE	SANDSTONE	LIGHT OAK	WENGE

The range

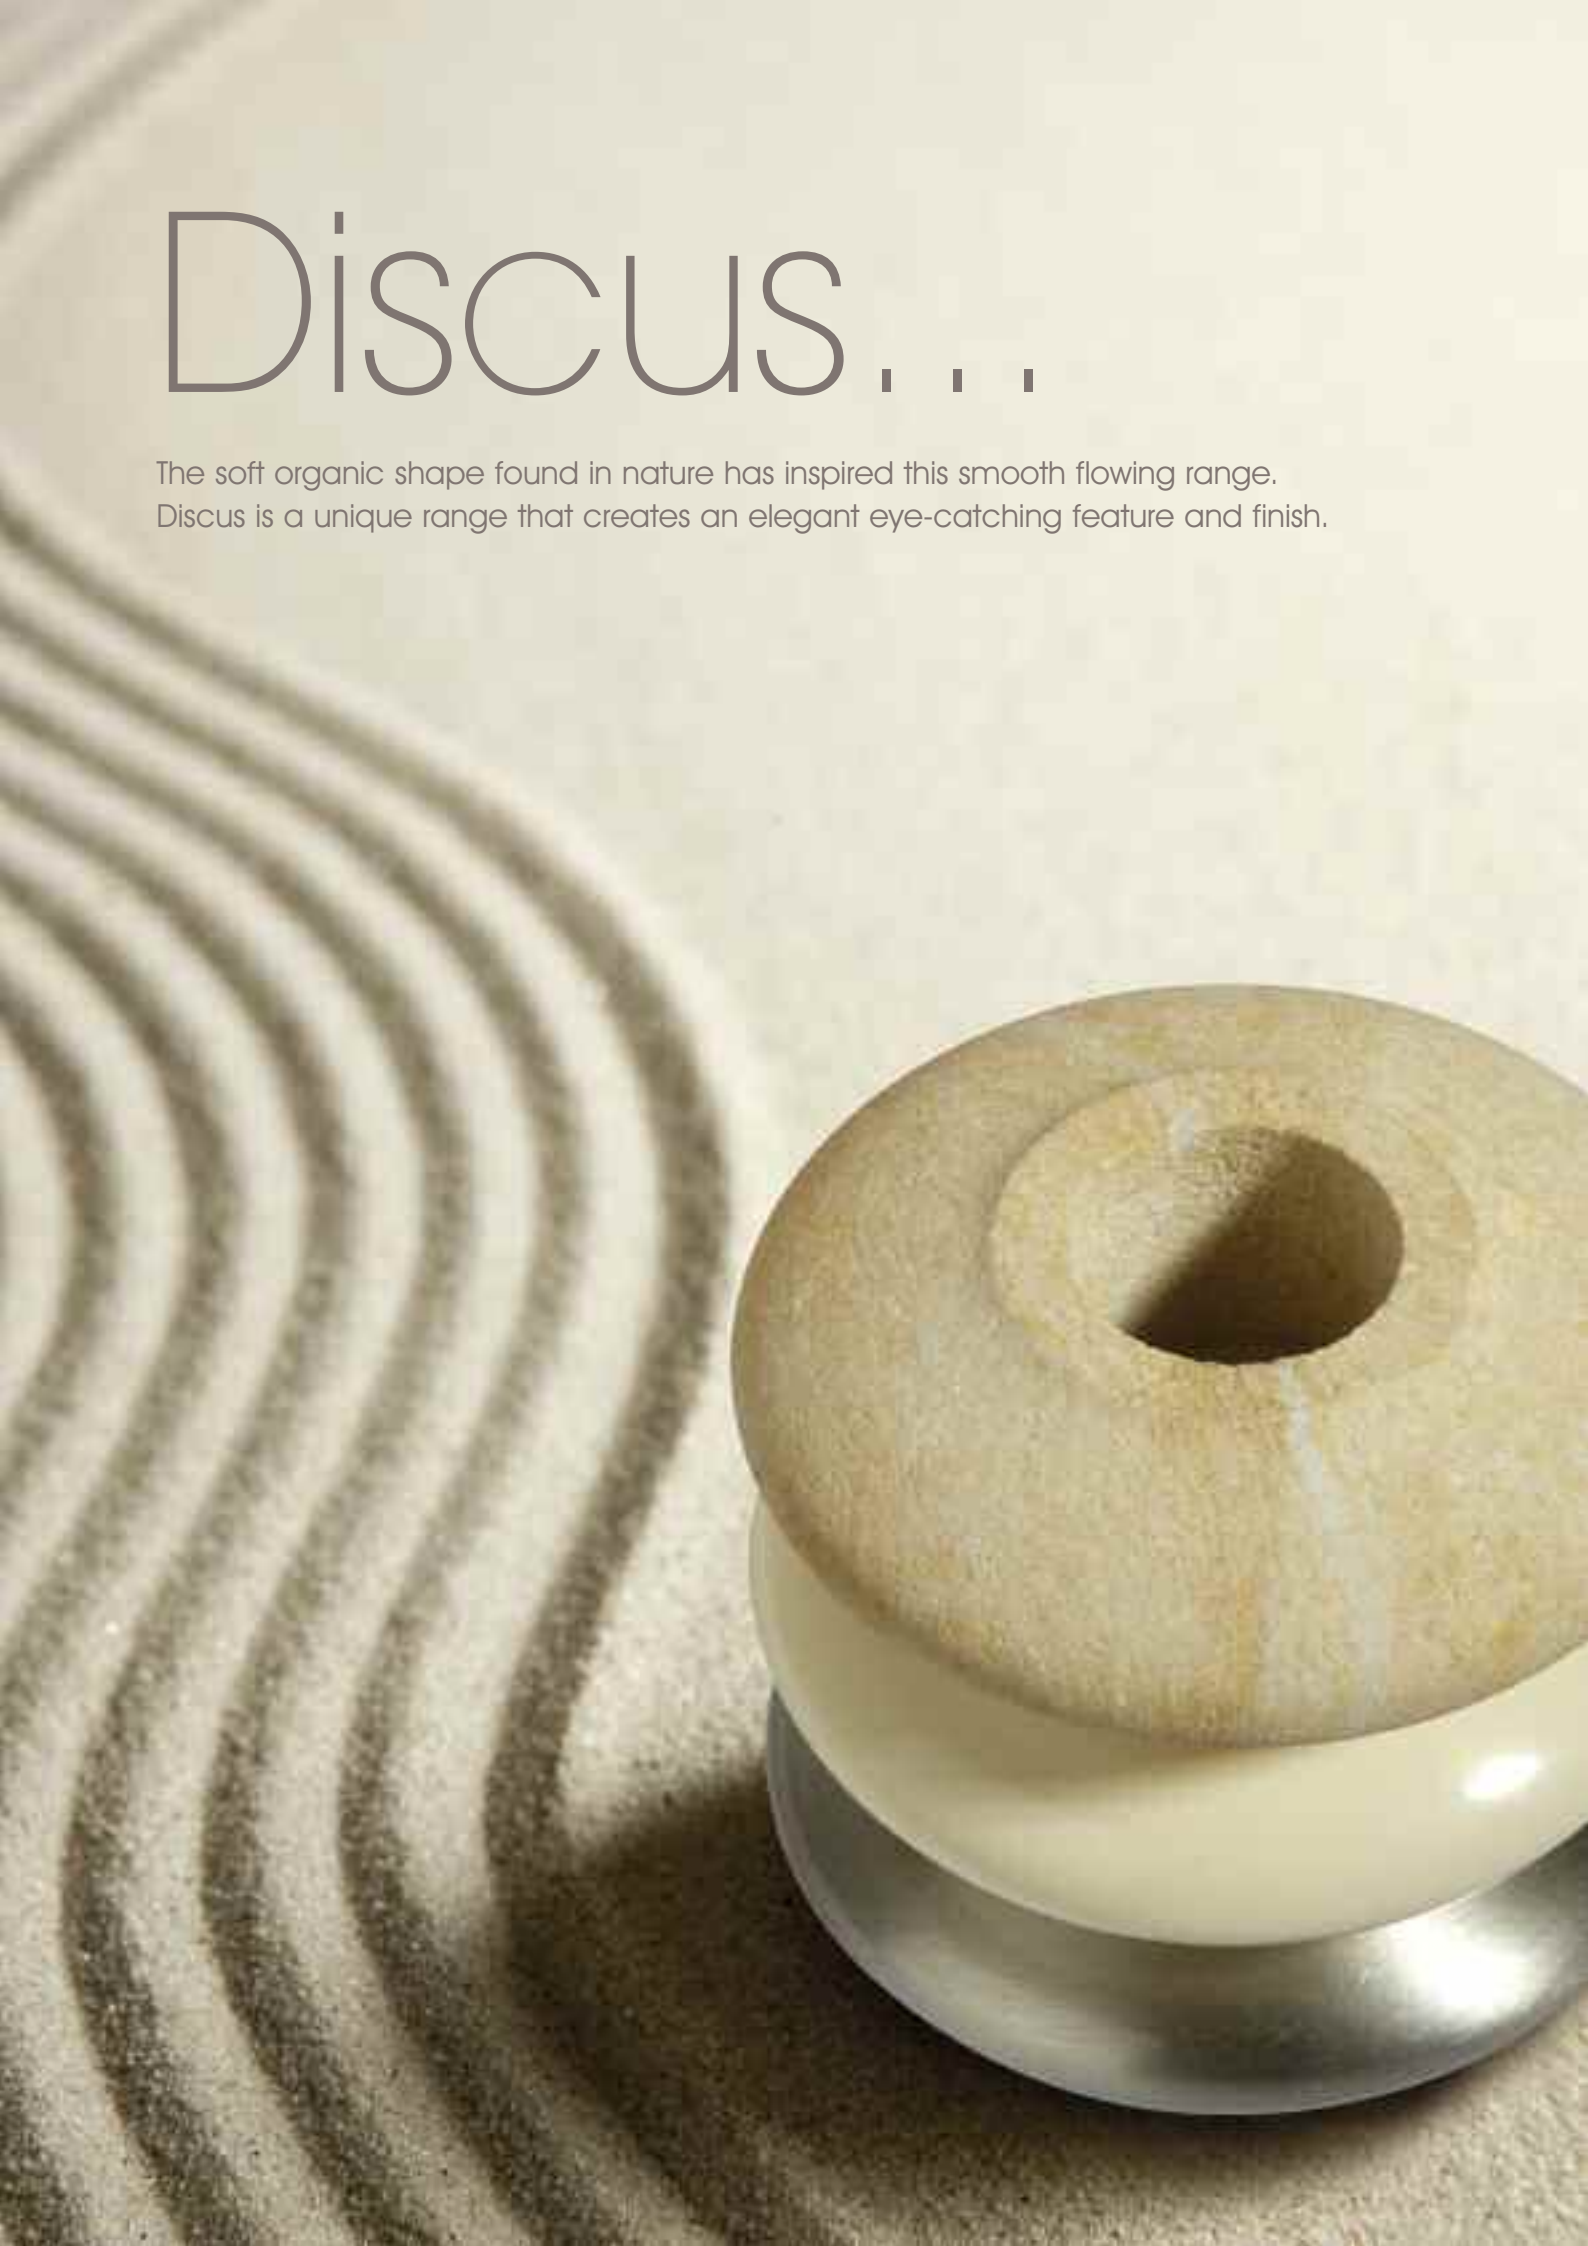

This clean modern shape brings a different dimension to the range of finial options. Bright steel, chrome or bold black nickel become statement pieces, stone creates a contemporary architectural feel whilst light oak and dark wenge soften the shape and blend with your polished woods. The acrylic finishes allow this bold shape to get even bolder, and simply rotating it can create something of an art piece.

The range

This unique designer shape is complemented by an extensive range of exciting finishes. The sleek metal finish transforms Discus into an ultra modern feature while the subtle stone effects complement the organic smooth shape. The intense wood adds a sense of warmth whilst the bright acrylics can be used to accent your fabrics.

Finale precision...

A new development in curtain pole design. The kit comes complete with pole, brackets, rings, end caps and fixing pieces. Poles that are 320cm and above come in two parts with a joining piece (supplied).

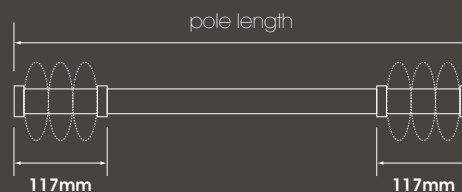

Please remember to deduct the finial widths from the overall pole length when calculating the size of pole required for your window.
